GIGO
OR IN OTHERWORDS
THE MEETING

Since there was no January meeting the February meeting will serve as the "Annual Meeting". This means YOUR DUES ARE DUE, THE ELECTIONS WILL BE HELD, and PARTY TIME.

The elections will be rubber stamp as no-one wants to even take the election committee reigns and nominate anyone.

PRESIDENTS PROGRAM

Well if you noticed a new/old look to the newsletter it's because I am using the IBM compatible to build SMUG Bytes this month. I am learning the word processing program as I go. It isn't the best way but it does work. The program is WORDPERFECT 5.1. This has a sort of Desk Top Publisher in it along with graphics. It also has the normal WP text editing in it. I also bought an on-line help program that allows me to get information from the computer instead of having to look it up in the book. This doesn't mean I have given up on the QL but it gives me access to a laser printer. Write if you have any ideas or suggestions to improve the newsletter.

The label program will be completed in this issue of SMUG Bytes and I hope you can use it. I would also like to get comments and improvements from you so check it out.

The following upcoming computer/ham shows are for your edification and if you have any questions please call and I will give you all the information that I have.

Hamfest Sun. 3/22/92, Jefferson County Fairgrounds Hwy 18 West, Jefferson WI, 8am - 2pm; Computer/Ham Swapfest, Sun 10/11/92, 8am - ??, Waukesha County Expo Center, \$4 early \$5 at the door.

If anyone has any others please let me know. You may help someone else find just the right item at just the right price.

Well that's all for now. See you at the next meeting.

A FOND FAREWELL

It is reported in the latest issue of "THE HACKER" that they are ceasing publications. Well SMUG is sorry to see the award winning newsletter stop. They always had good articles and interesting news. They report that only a few (6) members remain and they can no longer afford to put out and mail the publication. We hope your situation reverses it's self and we will see you again. But if not thanks for your contribution to the SINCLAIR family.

And God said...

$$\frac{mv^2}{r} = \frac{Ze^2}{r^2}$$

$$mvr = \frac{nh}{2\pi}$$

$$r = \frac{r^2 h^2}{(2\pi)^2 m Z e^2}$$

$$E = \frac{1}{2} mv^2 = \frac{Ze^2}{r}$$

$$E = \frac{2\pi^2 m Z^2 e^4}{n^2 h^2} = R_y$$

...and there was Light.

The Sinclair Milwaukee Users Group
(SMUG)

We are a not-for-profit group devoted to serving the interests of those who own, use, and/or are interested in the Timex/Sinclair family of computers.

Editor and contact person is:
Bill Heberlein (414) 527-2191.

SMUG maintains a gratis exchange of newsletters with approximately 30 User Groups across the U.S. and Canada. Clubs not sending newsletters for more than 6 months are removed from our mailing list.

Newsletter subscription is available for only \$10 per year to non members or free with a club membership. A club membership is \$20 per year for a family membership.

Advertising cost for 1/2 page ad running for six months is \$10. The ad copy may be changed each month but you must supply the copy.
